The latest innovations on the

■ OLED Panel (UX371 only)

■ Best-in-class colors with accuracy

Colors reproduced on the display are richer and more vivid: it's ideal for color-intensive projects, but also enhances any kind of content.

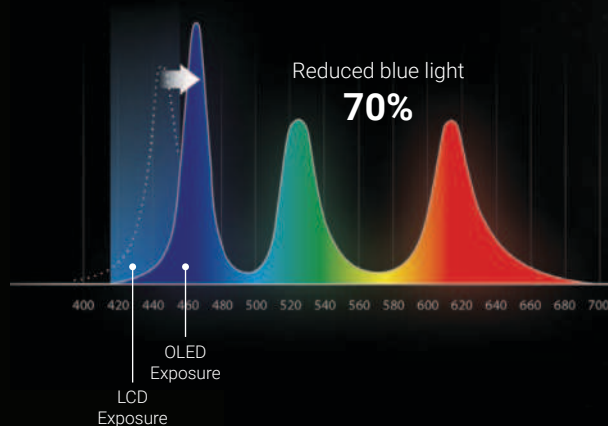

■ Blue Light Reduction for Eye Care

Blue light is known to cause visual discomfort and disrupt sleep quality. By calibrating the spectrum, ASUS OLED laptops emit 70% less harmful blue light. Unlike traditional blue-light filters, shifting the spectrum means there's no need to compromise color accuracy.

Harmful blue light

415 ←→ 460

Low blue light tested by SGS

Low blue light certified by TÜV Rheinland

■ Ultra-smooth blur-free animation

ASUS OLED displays have an ultrafast 0.2 ms response time, which is 50x faster compared to the average laptop LCD display. This ensures smoother fast-paced action scenes, low-latency gameplay, and subtle details like blur-free text scrolling.

0.2ms ultrafast response time

50x faster response time compared to avg. LCD

■ TÜV Rheinland Eye Care Certification

TÜV Rheinland is a trusted 'Anti-flicker' and 'Low blue light' testing agency. Certified laptops have the below advantages:

Anti-flicker

Flickering screens can cause discomfort and eye strain to your daily life; with TÜV Rheinland flicker-free technology, the laptops can lower the discomfort of eye fatigue.

Low blue light

Blue light could cause damage on retina and pose impact on natural sleep cycles; the ASUS software solution could filter out the harmful blue light and prevent you from being affected.

all-new 2020 ZenBook series

ASUS WiFi Master

Fast and stable WiFi, optimized for maximum connectivity

- WiFi SmartConnect
- WiFi 6
- WiFi Stabilizer
- Intelligent - Automatically connect to the best WiFi signal
- Fast - Enjoy smooth, wait-free performance
- Stable - Fine-tuned to resist interference

Lightning-fast Thunderbolt™ 4

This next generation of ZenBook removes the burden of multiple cables with its Thunderbolt™ 4 port, enabling lightning-fast data transfers of up to 40Gb/s of bandwidth, support for up to two 4K 60 Hz displays¹, and quick charging.

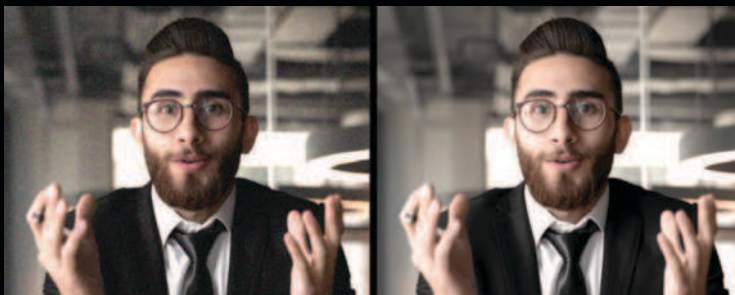

AI Noise-Canceling Technology

Through Neural Network algorithm that can identify and filter out noise to remain the speech

- ClearVoice Mic - Enhances speech, reduces background noise
- AI-trained - Noise-reduction technology
- ClearVoice Speaker - Filters ambient noise from remote audio

Without 3D TNR algorithm With 3D TNR algorithm

- Better Color Accuracy - More true-to-life
- More Sharpness- Blur-free
- Lower Image Noise - Smoother skin tone

Temporal Noise Reduction for real-time image tuning

3D Temporal Noise Reduction technology significantly upgrades the webcam image clarity for clearer conference calls.

Breaking the boundaries of performance for thin and light laptops
11th Gen Intel® Core™ processors with Intel® Iris® Xe graphics

ASUS won 61,520 awards since 2001

ASUS is dedicated to pursuing the highest level of innovation and quality in everything we do. We aspire to become one of the world's most admired leading enterprises in the new digital era. Our ongoing efforts continue to receive worldwide recognition for every aspect of product development, including design, innovation, technology, quality, service, and energy efficiency.

Since 2001, ASUS has earned a total of 53,095 awards from some of the most prestigious international organizations and media groups around the world. Each award is a testament to our relentless quest and commitment to creating solutions designed for everyone to joy.

World's Most Admired Companies

Fortune Magazine named ASUS as one of the World's Most Admired Companies 2021, the definitive ranking of corporate standing.

CES Innovation

ASUS products won 4 CES® 2019 Innovation awards, recognizing the highest standards in product design and engineering.

Good Design

ASUS products won 4 Good Design awards in 2019. Each Good Design award recognizes excellence in design and engineering.

iF Design

ASUS products won 22 iF Product Design awards in 2019. iF Design awards are recognized worldwide as a seal of quality.

Red Dot

ASUS won 21 Red Dot Awards, recognized professional design, worldwide, in 2019, bringing the company's total since 2001 to almost 100 Red Dot Awards.

HardwareZone
Zenfone 8

The ASUS ZenFone 8 is a small flagship phone filling big boots.

HardwareZone

ASUS TUF Dash F15 FX516

The ASUS TUF Dash F15 has excellent battery life, good productivity performance, polished build, and its display quality is quite possibly the best in class.

HardwareZone

ASUS ZenBook Duo 14 UX482

The ASUS ZenBook Duo (UX482)'s ScreenPad Plus is useful and with great specs, performance, and a wide range of connectivity options.

HardwareZone

ASUS ZenBook Pro Duo 15 OLED UX582

The ASUS ZenBook Pro Duo 15 OLED (UX582) is a dream laptop for content creators, with its brilliant 4K OLED display, high performance specs and useful ScreenPad Plus.

Geek Culture

ASUS TUF Dash F15 FX516

The TUF Dash F15 is an extremely durable laptop made to survive human blunders and will make for a great travel companion for those who seek a portable powerful gaming experience.

HardwareZone

ROG Strix Scar 15 G533

ROG Strix Scar 15 is the most psychedelic-looking gaming laptop with Great performance and battery life.

HardwareZone

ROG Laptop Series

A vast majority of our readers favour ASUS/ROG as their Best Gaming Notebook Brand, and we think it's for good reason. Besides just refreshing their existing models year-on-year with new CPUs and GPUs, ASUS has consistently tried to innovate in the notebook scene.

Geek Culture

ROG Phone 5

The ASUS ROG Phone 5 is an exceptional device that's perfect for mobile gaming that you probably can't find anywhere else. The performance it offers along with the ability to optimize them to your own liking is unparalleled. If you're a true-blue mobile gamer, this phone is the way to go.

HardwareZone

ROG Zephyrus Duo 15 GX550

The ROG Zephyrus Duo 15 is already one of the best 15-inch high-end gaming notebook I've come across this year – it's got top-notch performance, beautiful and unique screens and an exceptional build quality.

HardwareZone

ROG Zephyrus S15 GX502

The ROG Zephyrus S15 is an excellent portability 15-inch gaming notebook with a slim and light form factor and one of the best Full-HD display around

HardwareZone

ASUS ZenBook 14 Ultralight UX435EGL

The ZenBook 14 Ultralight is extremely light and has great burst performance.

Geek Culture

ROG Zephyrus Duo 15 GX550

The ROG Zephyrus Duo 15 GX550 comes with top-of-the-line specs for not only the best possible gaming experience, but also a second screen for double the productivity.

Geek Culture

ASUS ExpertBook B9

The ExpertBook B9 is able to last just under 12 hours from normal daily use, and even with tons of tabs and apps open, it never got hot to the point of not being able to be placed on our laps.

Geek Culture

ASUS ZenBook 14 Ultralight UX435EGL

The ZenBook 14 Ultralight (UX435EGL) is an ultralight and ultra slim portable laptop that is able to provide effortless performance, and will be a great travelling companion for those who enjoy working-on-the-go.

ZaoBao

ASUS ExpertBook B9

ExpertBook B9 是全球最轻的14英寸商务笔电，轻巧却具有高强度，屏幕颜色准确度和效果让人满意，键盘的1.5毫米键程有很好的回弹反馈，长时间打字挺舒服。

No. 1 Consumer Laptop Brand in APAC

In 2018, ASUS continued to exhibit exponential growth in the consumer laptop category and was a preferred brand for consumers across Asia Pacific and Europe.

No. 1 Motherboard Brand in the World

ASUS has shipped more than 550 million motherboards globally since 1989. ASUS puts the best motherboards in every ASUS notebook, ensuring incredible quality and reliability.

Ranked Among World's Most Admired Companies

In the computer industry, ASUS was named among the top 10 World's Most Admired Companies by Fortune Magazine for four years in 2015, 2016, 2018, 2019.

Ranked Among Top Global IT Company

ASUS has been named as a 2018 Top 100 Global Technology Leader by Thomson Reuters, which identifies the tech industry's most operationally sound and financially successful organizations.

No.1 in Quality and Service

ASUS ranked first in quality and innovation in The Wall Street Journal Asia survey in 2009.

53,095 Awards Won Since 2001

ASUS has earned a total of 53,095 awards from some of the most prestigious international organizations and media groups around the world.

ASUS Green Technology

ASUS was the first global IT company in the world to achieve EU Flower Eco certification. It was also first to receive EuP certification for notebook PCs. Today, ASUS continues to build on a long-standing tradition of developing the world's most reliable and advanced green technologies.

Need Help with Your Faulty Laptop & Phone?

We'll Pick It Up, Fix and Return It – Wherever You Are.*

ASUS provides the service you need. Beyond our local warranty, we offer a premium pick up & return service for customers. For customers, this allows you to request door-to-door service. Alternatively, you may just drop your ASUS notebook or phone at your nearest Service Centre.

Log on to <https://www.asus.com/sg/campaign/PickupandReturnService/> or contact our customer service at **+65 6636 9163** or the ROG dedicated hotline at **+65 6588 1723** for more information on the pick up and return service.

STEP 1

Contact our Service Staff at +65 6636 9163 for pick-up arrangement

STEP 2

Hand the product to the courier and collect the service form

STEP 3

Delivery will be arranged once repair is completed

Skip the queue. Book an appointment with us.

At ASUS, we understand how time is important to you. So plan your visit to our service centre so that you can better manage your time and reduce your waiting time.

STEP 1

Logon to ASUS Support site at <https://www.asus.com/sg/support/> and proceed to the "Service and Repair" tab

STEP 2

Click on "Service centre online booking" under repair information

STEP 3

Click on "Appointment Reservation Service for In-Warranty Products" and follow through the on-screen instructions

*The Pick-Up & Return service applies to in-warranty ASUS laptop and mobile devices only. The Pick-Up & Return service for defective unit within warranty period will be free of charge. Out-of-warranty, non-defective or customer-induced damage units are not covered by Pick-Up & Return service. Customer shall be responsible for saving and backing up any data in the ASUS product being returned to ASUS for in-warranty or out-warranty service. For out of warranty service, customer will need to send in by themselves and there will be charges imposed if PUR service is required. Do not send in unrelated accessories like charger, battery, earphone, SIM-card, memory card, battery cover, RAM etc. ASUS will not be liable or responsible for any discrepancies or lost accessories, unless those accessories are required. For warranty pick up, customer full details must be provided or ASUS has the rights to refuse the unit and will not be responsible for any mistake.

ASUS International Warranty*

ASUS guarantees you with no repair and component charges within your 2 years warranty¹ period for laptops.. ASUS international warranty makes sure that you are protected even if you are stationed abroad, with our centres established across 82 countries.

This is ASUS' commitment to deliver quality and customer satisfaction to you, wherever you might be.

ASUS Premium Care

Extend your standard warranty with ASUS Premium Care to enjoy an extended peace of mind on your ASUS ZenBook, VivoBook and ASUS Laptop. The ASUS Premium Care gives you the one-stop service and support from the people that know your device best.

Protect Your Products

ASUS Premium Care has several levels of coverage that will suits your usage, so there will always be one for you to protect your ASUS ZenBook, VivoBook and ASUS Laptop. ASUS Premium Care includes a wide range of benefits, including:

1. Warranty Period for all devices' batteries, stylus and dongles are only limited to 12 months unless otherwise specified. Please visit <https://www.asus.com/support/images/upload/file/20180223165416830-ASUS%20Notebook%20Accessory%20Warranty%20Information-APAC.pdf> for more information on accessories' warranty.

Specifications are correct at time of print. ASUS reserves the rights to change any specifications without prior notice. ASUS stands by their notebook LCD panels, offering a one month servicing/replacement of the panel from time of purchase should the panel have any bright dot.

Requirements :

- * Product must be registered and extended warranty service must be activated online.
- * The extended warranty service does not cover software, battery, peripherals, free accessories such as mouse or bag, and customer induced damage.
- * International warranty services are limited to the available options in the country where service is requested. Service options, parts availability, and response time vary with countries.
- * Local warranty services are available only in the country where the ASUS product is purchased. Service level follows the service policy of your standard warranty.

Purchase Conditions :

- * Must be purchased and activated within 3 months of your ASUS product purchase date.
- * Extended warranty programme does not apply to TUF Gaming Series, ROG Gaming Series, Chromebooks Series, ASUSPRO Series, ProArt StudioBook Series and ExpertBook Series.* Local warranty services are available only in the country where the ASUS product is purchased. Service level follows the service policy of your standard warranty.

More than just a tablet

With the ASUS ZenBook Flip series, you get what you need from a tablet, along with many incredible things you'd never expect. Here are a few reasons why your next computer just might be the ASUS ZenBook Flip.

Laptop Mode

Great for general work and play, the ErgoLift hinge tilts the keyboard automatically when the laptop is opened. Providing a more comfortable typing experience.

Tablet Mode

Comfortable for handheld use on the go; like when commuting; taking notes with the stylus or for reading content like an eBook or maps.

Tent and Stand Mode

Great for viewing content in confined spaces. Other uses for these modes include web conferencing, or sharing content with others on a confined table top.

It is so easy to do everything with touch, just like a tablet

Artists, photographers and designers will love what the NanoEdge display combined with the ASUS Pen can. The smooth-as-silk touchscreen supports the 4096 levels of pressure sensitivity that the ASUS Pen offers, providing an upgraded experience that makes ZenBook Flip your perfect choice for casual creativity, note-taking and intuitive editing in any supported app. The ZenBook Flip S (UX371) even equipped with a 4K UHD NanoEdge OLED HDR display which delivers exceptionally detailed and realistic visuals, with ultra-vivid PANTONE® Validated colour accuracy and a cinema-grade 100% DCI-P3 colour gamut. It's also VESA DisplayHDR™ 500 True Black certified for deep blacks and increased dynamic range, and provides TÜV Rheinland-certified eye care, making this immersive slim-bezel design a superb all-rounder for work or play.

More Immersion
Intel® Iris® Xe graphics and razor-thin bezels make screen time more enjoyable.

More Flow
Wakes in less than a second and 40% more responsive⁴ than a 2-year old laptop.

More Simplicity
Thunderbolt™ 4 provides 40Gb/s bandwidth for data and video through a single-cable connection.

Product and Performance Information
1As measured by photo and video editing workflows. For more complete information about performance and benchmark results, visit www.intel.com/11thgen.
2Intel® Wi-Fi 6 (Gig+) products enable the fastest possible maximum speed for typical laptop Wi-Fi products. Thunderbolt™ 4 is the fastest port available on a laptop, at 40 Gb/s, as compared to other laptop I/O connection technologies including eSATA, USB, and IEEE 1394 FireWire*. Performance varies by use, configuration and other factors.
3Time taken to drain from 100% to critical battery level while performing workflows under a typical-use environment comprising multiple cloud-based and local apps and web pages including Google Chrome*, Google G-Suite*, Microsoft Office 365*, YouTube* and Zoom*, including limited periods of non-use. Testing conducted on laptops connected to 802.11 wireless, and with shipped hardware configurations including Windows* 10 and 250-nit LCD screen brightness. Testing results as of August 2020, and do not guarantee individual laptop performance. Power and performance vary by use, configuration and other factors. Learn more at intel.com/evo.
4Measured responsiveness of premium Windows OS-based designs while performing 25 workflows predictive of performance under a typical-use environment comprising multiple cloud-based and local apps and web pages including Google* Chrome, Google* G-Suite, Microsoft* Office 365, YouTube and Zoom. Testing conducted on laptops on DC battery >30%, connected to 802.11 wireless, and with shipped hardware configurations including Windows* 10 and 250-nit LCD screen brightness. Testing results as of August 2020, and do not guarantee individual laptop performance. Power and performance vary by use, configuration and other factors.

ROG Accidental Damage Protection Plan

ROG ACCIDENTAL DAMAGE PROTECTION PLAN

Priority service and support from the people who know your ROG products

When you purchase selected ROG laptops or mobile phone¹, you will enjoy an exclusive and personalised after-sales service and support from our ROG Experts.

Valid only within the first year of product ownership starting from your purchase date. There is a maximum limit of only one (1) claim for free for laptops and up to three (3) claims for \$29* (Repair service worth up to \$215) for mobile phone per registered serial number during the first year of product ownership, subject to verification by ASUS.

Speak to our ASUS Specialists at the ASUS Brand Shop or authorised retailers near you for more information. Contact +65 6588 1723 or log on to <https://rog.gg/rogprotection> for more information regarding your ROG laptops, desktops or mobile phone².

Exclusive Accidental Damage Protection (ADP) Plan for selected ROG laptop and mobile phone¹

Dedicated hotline for qualified ROG laptop, desktop and mobile phone*

Priority queue for qualified ROG laptop, desktop and mobile phone* at ASUS Singapore Service Centre at Tai Seng.

Frequently Asked Questions (FAQs)

What is ROG Accidental Damage Protection (ADP)?

It is a fact – accidents happen to all of us. Our ADP plan was created to protect you against damages from accidents such as screen crack, liquid spills, electrical surges and drops. Only applicable to selected ROG laptops or mobile phone¹ (subject to verification by ASUS), and valid only within the first year of product ownership starting from your purchase date.

What kind of accidental damages are NOT covered?

The ROG ADP does NOT apply to the following: scratches and dents, incorrect or inadequate customer installation, lost or stolen products, intentional damage, recovery or transfer of stored data to the product, requests for miscellaneous cables or accessories and damages caused by natural disasters.

How many claims can I file for accidental damage?

There is a maximum limit of only one (1) claim for laptops and three (3) claims for mobile

phone per registered serial number during the first year of product ownership, starting from your purchase date. Serial number validation is performed by ASUS Service Centre or Call Centre.

What is the list of products that are eligible for ROG ADP plan?

This protection plan applies only to selected ROG laptops or mobile phone¹ (purchased from ASUS Exclusive Store and authorised retailers in BRAND NEW factory sealed condition 2. Refurbished or open box devices, units sold and purchased outside of Singapore and purchases from non-authorised retailers in Singapore are not entitled for this program³. Refer to terms and conditions below for full list of eligible products.

How do I request for a RMA or On-Site Service for my ROG product?

You can call the ROG Service Hotline at **+65 6588 1723** to request for a pick-up of your ROG laptop or on-site service of your ROG desktop (on-site service is not applicable to ROG laptops).

Learn more at <https://rog.gg/rogprotection>

ROG DEDICATED HOTLINE: +65 6588 1723

1. Eligible models include GX551QS-RTX3080HX, GX551QS-RTX3080H, G733QR-RTX3070, G533QS-RTX3080, G533QR-RTX3070, GA401QM-RTX3060, GA503QM-RTX3060, GA503QR-RTX3070, GX550LXS-RTX2080Q, GX502LWS-RTX2070S, GX502LXS-RTX2080Q, GL532LV-RTX2060, GL532LWS-RTX2070 and ROG Phone 3 (ZS661KS)
2. ROG ADP is available for BRAND NEW purchases of ROG laptops and mobile phone, and are eligible for the ADP plan upon purchase.
3. Refurbished and/or open box of any qualified ROG products do not qualify for ADP plan. Please refer to any ASUS authorised retailer for more details. Exclusions may apply, and all claims are subject to verification and confirmation by ASUS. End users will be responsible for the one-way shipping fee to a designated ASUS servicing facility and ASUS will cover the returning shipping fee to your originating address within Singapore only.
4. Before GST.
* Priority queue and dedicated hotline services apply to all ROG laptops, desktops and mobile phone except ASUS TUF FX laptop series, refurbished and/or open box of any qualified ROG products as well as ROG products purchased from non-authorised ASUS retailers or out of Singapore.
* This Service Package provides coverage for the following types of accidental damage arising out of normal use: Drops, falls or other collisions; Liquid Damage; Electrical surges; Accidental breakages
* Under this Service Package, Customer is eligible for one (1) claim for free for laptops and up to three (3) claims for \$29 (Repair service worth up to \$215) for mobile phone services per year during the coverage period.
* Key part(s) referred to above include the screen (LCD), DVD/CD ROM drive, motherboard, processor, hard disk drive and memory.
* The total cumulative costs of repair services provided under this Service Package shall not exceed the Customer purchase price of the Product.
* All components repaired or replaced by an ASUS Service Centre will be under warranty for three months or for the remainder of the warranty period, whichever is applicable. In order to make a claim under this Service Package, you will have to provide an explanation of where and when the incident occurred as well as a detailed description of the incident. Failure to provide this information or requested documentation will result in the claim being rejected.

Images shown are for illustration purposes only and may differ slightly from actual product. **ROG ADP is available for BRAND NEW purchases of ROG laptop, desktop and mobile phone, and are eligible for the ADP plan upon purchase. All ASUS TUF FX series and STRIX G Series, refurbished and/or open box of any qualified ROG products do not qualify for ADP plan. Please refer to any ASUS authorised retailer for more details. Exclusions may apply, and all claims are subject to verification and confirmation by ASUS. End users will be responsible for the one-way shipping fee to a designated ASUS servicing facility and ASUS will cover the returning shipping fee to your originating address within Singapore only. *Priority queue and dedicated hotline services apply to all ROG laptops, desktops and mobile phone except ROG GR desktop series, G11 desktop series, M80 desktop series, ASUS TUF FX laptop series, refurbished and/or open box of any qualified ROG products as well as ROG products purchased from non-authorised ASUS retailers or out of Singapore.

INTELLIGENT COOLING MEANS MORE FPS

The ROG gaming laptops uses a strategic mix of hardware and features to achieve ideal cooling for each combination of components and chassis, combined with smart software that optimizes your experience for work and play.

BOOST PAST THE COMPETITION

ROG Boost takes graphics to the next level by pushing GPUs to their maximum clock speeds. Faster frequencies mean more frames per second and smoother, more engaging gameplay.

DISSIPATE THE HEAT

Sintered heatpipes are carefully arranged to draw heat away from the CPU, GPU, and VRM supplying power. Multiple heatsinks with ultra-thin fins increase surface area to maximize thermal dissipation.

LIFT YOUR ACTIVE AERODYNAMIC SYSTEM

Cooling ultra-slim laptops is especially challenging, so the original ROG Zephyrus revolutionized them with AAS. When you lift the lid, the chassis raises to reveal a hidden vent that increases airflow.

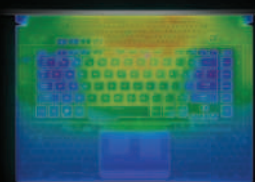

SELF-CLEANING COOLING SUSTAINS PERFORMANCE

Keeping key cooling components free from dust is crucial to sustaining long-term system stability. Anti-dust tunnels channel debris out of the chassis, preventing build-up to preserve performance.

MORE BLADES AMPLIFY AIRFLOW

Higher densities allow n-Blade fans to draw more air with each rotation. The blades must be incredibly thin, so they're made from a special liquid-crystal polymer strong enough to withstand high RPMs.

COOLZONE KEEPS KEYBOARDS COMFORTABLE

Laptop keyboards can become uncomfortably hot and venting through the WASD keys allows the fan beneath to generate airflow through the board, keeping your crucial inputs cool.

ASUS Product Guide | August 2021

Best Gaming
Notebook Brand

ROG STRIX SERIES

E-Sports standard, all-round performance.

The E-Sports graded gaming laptop from ROG is designed to compete. With an all-round hardware specifications and wrap-around light bar, it delivers the clarity, speed and responsiveness that pro-gamers demand from their gaming computer.

Wrap-around Light Bar

Diffused RGB LEDs wrap around the rim of the chassis, illuminating the front and side edges with customizable colors and effects

Durable RGB Keyboard

RGB lighting allow for easy visual navigation to crucial controls and shortcuts. With the toughness to last over 20 million keypresses, the keyboard can maintain its accuracy over a long lifespan of serious gaming

NanoEdge™ Bezels

With a screen-to-body ratio of up to 81.5%, Super-narrow bezels frame the edges of the display, allowing us to fit a larger screen into a more compact footprint

Dual Cooling Fan

The dual N-Blade fans are designed for maximum airflow, matching the highest blade density with 83 per fan, improving airflow by up to 15%

Self-cleaning Cooling System

Keeping the heatsinks free of debris is critical to maintaining optimal thermal dissipation, so we designed a special anti-dust tunnel that catches and channels particles outside the chassis to prevent them from collecting on the fins

Armory Crate

Exclusive ROG Armoury Crate software unifies system and lighting controls allowing for easy definition and customisation of Scenario Profiles that automatically make adjustments when you launch your favourite games

ADAPTERS & DOCKS

ASUS Stylus SA200H

ASUS Stylus SA200H is an active stylus for your compatible ASUS touchscreen device. Its pressure-sensitive tip replicates a natural writing experience, and with up to 10 months of use from a single charge of its rechargeable battery.

Dimension: 144mm x Φ9.5mm

Weight: 22g

Compatible model: ZenBook Duo UX481, ZenBook Flip 13 UX362, VivoBook Flip 14 TP470 / TP412

Warranty: 12 months

\$69 (GST Incl.)

ASUS Stylus SA201H

ASUS PEN SA201H using MPP 2.0 technology offers tilt and 4096 pressure sensitivities. It's the perfect accessory for your compatible ASUS touchscreen device. Its pressure sensitive tip replicates a natural writing experience with no interruptions. Moreover, up to 12 months of use without needing to replace the battery.

Dimension: 150mm x Φ9.5mm

Weight: 20g

Compatible model: ZenBook Duo UX482, ZenBook Flip S UX371, ZenBook Flip 13 UX363

Warranty: 12 months

\$69 (GST Incl.)

U90W Universal Adapter

Plug and charge at any power point with travel-friendly dimensions

Dimension: 75 x 75 x 28.8 mm

Weight: 212g (w/o power cord)

Warranty: 12 months

\$99 (GST Incl.)

ASUS Wireless mouse MW202

All keys are silent that lets you get rid of clicking noise which is ideal for using in a quiet environment. Automatically save power after 2 seconds standby, reducing 80% power consumption. Thoughtful thumb rest with soft rubber texture supports you all the time when you work with this handy mouse.

Dimension: 105 x 75 x 39.8 mm

Weight: 70g

\$59 (GST Incl.)

ASUS AC65-00 65W USB Type-C Adapter

Designed for ASUS laptops that support charging via USB-C

Dimension: 66 x 66 x 28.5 mm

Weight: 220g

Warranty: 12 months

\$89 (GST Incl.)

ASUS MW203 Multi-Device Wireless Silent Mouse

Multitasking is easy and more efficient thanks to three wireless modes. Bluetooth® 5.0, Bluetooth® 3.0, and RF 2.4 GHz – allowing you to switch between three devices in just one click.

\$65 (GST Incl.)

Warranty Extension Programme* - ASUS Premium Care

Laptops*	2nd Year International Warranty	\$79
	3rd Year International Warranty	\$159
	2nd & 3rd Year International Warranty	\$199

*Extended warranty programme does not apply to TUF Gaming Series and ROG Gaming Series, and is only applicable for recent purchase within 90 days from the purchase date as stated in the invoice/receipt.

*International warranty excludes all Desktop and All-in-One (AiO) products; Extended warranty for Desktops and All-in-One (AiO) only covers for local Singapore services.

Specifications are correct at time of print. ASUS reserves the rights to change any specifications without prior notice.

ASUS stands by their notebook LCD panels, offering a one month servicing/replacement of the panel from time of purchase should the panel have any bright dot.
