

TAU

FINISHES GUIDE

TAU Natural Range

Our **TAU Natural Range** is flawlessly smooth and its coating is hand-finished to the highest quality. Available in a range of colors, the Natural Range adds a touch of contemporary elegance to any space.

TAU Urban Range

The **TAU Urban Range** resembles cement with its unevenly textured feel and surface pores giving a uniquely visible appearance. Available in a core of natural color themes, the Urban Range blurs the boundaries between traditional and contemporary: the timeless look of concrete at a fraction of the weight.

TAU Rough Cast Range

The **Rough Cast Range** embodies the unrefined beauty of natural materials. With its raw texture and organic surface variations, this finish evokes the feel of weathered stone or hand-troweled earth. Subtle imperfections and tonal depth give each piece a distinctly handcrafted character, making it a perfect fit for both modern minimalism and rustic environments. Whether used in interior or exterior settings, Rough Cast planters add grounded elegance and timeless texture to any space.

TAU Stone Range

The **Stone Range** captures the quiet elegance of natural carved stone, featuring a softly striated surface with subtle texture and tonal depth. This refined finish offers a clean, architectural feel while maintaining the organic warmth of hand-worked material. Ideal for projects that call for understated luxury, the Stone Range brings a sense of calm, balance, and timeless sophistication - equally suited to contemporary and traditional settings.
