COOPERATIVE EDUCATION PROGRAM

EXERCISE, SPORT & MOVEMENT SCIENCES

OPTIONAL PROGRAM WITHIN THE HEALTH STUDIES/EXERCISE, SPORT & MOVEMENT SCIENCES (ESMS) BS CONCENTRATION

Pre-physical therapy (PPT), pre-occupational therapy (POT), pre-athletic training (PAT), pre-strength & conditioning (PSAC)

The Cooperative Education Program is an ideal option for students aspiring to enter graduate school in physical therapy, occupational therapy, athletic training or strength & conditioning. The program is designed to provide students with early extensive exposure/experience in one of these clinical/professional fields to assist them in determining if the field is a good personal choice. This program also provides students with extensive networking opportunities and assists them in understanding the relevance of coursework they are taking in the ESMS program of study.

Students who have completed all 1000- and 2000-level prerequisites for the ESMS concentration with a cumulative GPA of no less than 3.0 may participate in this program that involves school/work rotations as outlined below. Students are paid an hourly wage by the work site, so availability of sites may be limited. Students are responsible for securing their own work sites. Cooperative education participation is an option, not a requirement.

Year 1	General education requirements & 2000-level prerequisites
	Attendance: Fall, Spring, Summer
Year 2	General education requirements & 2000-level prerequisites
	Attendance: Fall, Spring, Summer
Year 3	Two semesters of concentration requirements & one semester of Cooperative Education I)
	Attendance: Fall, Spring, Summer with rotation dependent on the field
Year 4	(One semester of concentration requirements & one semester of Cooperative Education II)
	Attendance: Fall, Spring with rotation dependent on the field

If six credit hours of cooperative education (ESMS 3900, ESMS 4900) are successfully completed, those hours will substitute for six credit hours of internship. \*Graduates of this program will earn relevant work experience and will have completed the following number of credit hours:

PPT	125	PAT	120
POT	120	PSAC	120

\*(Note that field experience work hours are substantially greater in the Cooperative Education Program in comparison to internship hour requirements.)

# PRE-PHYSICAL THERAPY

## STUDENTS PREPARING FOR GRADUATE STUDY IN PHYSICAL THERAPY

The Cooperative Education Program is an option for students aspiring to enter graduate school in physical therapy (PT). Students who have completed all 1000- and 2000- level prerequisites for the ESMS concentration with a cumulative GPA of no less than 3.0 may participate in this program that involves school/work rotations as outlined below:

### YEAR 1

General education requirements & 2000-level prerequisites

#### Fall Term: Full-time student (16 CH)

ENGL 1010	3
MATH 1710	3
HUMANITY (GEN ED)	3

CHEM 1111	1 (SU 1)
CHEM 1120	3 (SU 2)
CHEM 1121	1 (SU 2)

### YEAR 3

#### Fall Term: Full course load (16 CH)

ESMS 3050 Adv. Life Support for Ex. Cond. & Testing	3
ESMS 3420 Structural Kinesiology	4
ESMS 3603 Exercise Physiology I	3
ESMS 3803 Motor Learning/3853 Motor Behavior	3
HUMANITY (GEN ED)	3

#### Spring Term: Full course load (14 CH)

ESMS 3020 Exercise & Sports Mechanics	3
ESMS 3021 Exercise & Sports Mechanics Lab	1
ESMS 3703 Exercise Physiology II	3
ESMS 3713 Exercise Physiology Lab	1
ESMS 3450 Psychological Aspects of Exercise	3
SOCI 1010 Intro to Sociology	3

#### Summer Term: Employment working at least 20 hours per week or 280 hours for the semester in a physical therapy setting. (Student is responsible for arranging the PT employment site.)

- Student must register for 3 credit hours of ESMS 3900 (Cooperative Education I)

### YEAR 2

General education requirements & 2000-level prerequisites

BIOL 1121	1

#### Summer Term: As needed for specific PT electives (8 CH)

Add PHYS 2010/2011	3/1 (SU 1)
Add PHYS 2020/2021	3/1 (SU 2)

### YEAR 4

#### Fall Term: Full course load (12 CH)

ESMS 4000 Exer Testing Techniques & Interpretation	3
ESMS 4015 Exer Programs for Special Populations	3
ESMS 4603 Adv Methods of Strength & Conditioning	3
HLSC 4400 Statistics for Health Sciences	3

#### Spring Term: Employment working at least 20 hours per week or 280 hours for the semester in a physical therapy setting (Student is responsible for arranging the PT employment site.)

- Student must register for 3 credit hours of ESMS 4900 (Cooperative Education II)  
 - If both semesters of cooperative education are successfully completed, then this combination will substitute for the 6 credit hours of internship (ESMS 4605). If less than 6 credit hours of cooperative education are completed, the student will be required to complete the entire 6 credit hours of internship following the completion of all prerequisites.
