BULL WINTERING

We will winter your bull purchase free of charge until April 1, 2026.

If bull(s) taken home, we will offer a discount of \$500. Bulls being wintered **MUST BE INSURED.**

DIRECTIONS

12113 Range Road 30, Irvine, AB

From Irvine: 1.5 miles north on Range Road 30, watch for signs.

**BETTER
YOUR BEEF**
HEIFER LOTTERY
2026

Brost Land & Cattle is proud to support the CJHA Heifer Lottery Program. Helping juniors get a start in the Hereford breed is extremely important to us.

Welcome

to the 57th edition of the Brost Land & Cattle Co. Ltd. Production Sale. A big thank you to all the buyers and bidders that have expressed interest in our program. Once again the market has exploded to highs that no one thought they would ever see. So now is the time to take advantage to reinvest and upgrade infrastructure and genetics to solidify your operations for the future. Here at Brost Land & Cattle we are driven to continue to improve quality and consistency in our product through advancement in new genetics that will improve the carcass, calving ease, and udder quality for the customer. If your preference is straight bred or you are focused on cross breeding, we feel confident that our genetics will help you achieve your goals. Please reach out. We would be more than happy to help guide you with your decision making for your breeding operation. We welcome you to join us for lunch and hospitality on January 29th.

Sincerely,

The Brost Family

Nexus is genetically bred to become a great Herd Sire. He has been a favorite since the day he was born. Innovation 926K is a full brother to Topp Herefords high seller in their 2024 Sale. His mother Dominette 533B is noted as one of their best donor females. The Edie cow family speaks for themselves. Edie 34K definitely lives up to her name. She is a super 632G daughter. These females have been absolutely amazing here and at Flewelling Cattle Co.

Network is a 3/4 brother to the Lot 1 calf. The thickness and depth of body in this guy is awesome. Note the dam side - another 632G daughter. He should have some great carcass numbers.

BW	92
ADJ WW	896
ADJ YW	N/A

Neutral is a super thick son of Catalyst H472. KCF Bennett Catalyst H472 was used very successfully at Crittenden's. We AI'd our heifers to him and only got one bull calf. His Forward 7G mother has done an excellent job raising this guy as he was admired all summer.

Native is a very high performing son of 687K. His pigment and scale will grab your attention. We purchased 687K out of the Topp Sale in 2024. We really admired his mass and bone with his pigment being an added bonus. Mississippi 10D has raised 5 bull calves in this sale selling to many top ranches.

BW	103
ADJ WW	788
ADJ YW	N/A

He is a really powerful son of 687K. He was one of the calves that you always noticed when you were out checking cows. His mother's side have been phenomenal, producing high sellers in 2024 to Pearson Ranching and Coppertone Farms.

57th Annual Production Sale

BW	85
ADJ WW	606
ADJ YW	1016

Maximus will be easy to spot on sale day. He is a spittin image of Lot 50 and is one of the thickest bulls in the offering. He has a brother working at Pahl Livestock.

51

BW	93
ADJ WW	633
ADJ YW	963

Mover is another very typical 34H son. Great qualities like hair, thickness, bone and moderate frame. His mother 236D has always been one of my favorite cows. This is her 4th son in the sale.

If you like them long bodied, pigmented, and classy; this is your guy. Montana 37K bred very well here as he has been the heifer bull for the last three years. Dam in his pedigree is a very nice 9530 daughter with lots of performance.

53

BW	94
ADJ WW	661
ADJ YW	1137

Here is a little more moderate 37K son but still has the pigment and thickness that is sought after. I really like his dam from Lawview Herefords. She is just an ideal mother cow.

Note the name "Tapioca" in this pedigree. This will definitely add to the predictability of this female. She is moderate framed with a super hair coat. This was a very difficult decision to put her in the sale.
Exposed to Bannerlane 28F Montana 37K from June 4th to July 19th.

57

58

BW	71
ADJ WW	619
ADJ YW	905

I have been a huge fan of this heifer since she was a baby. Stout made and easy fleshing best describe this girl. Also very hard to part with however in keeping with tradition of representing each sire group with a top candidate - here she is.

Exposed to Bannerlane 28F Montana 37K from June 4th to July 19th.

Here is a super long bodied, red eyed 207G daughter. She should be very maternal with Numan 251N and the Bannerlane cows behind her.

Exposed to Bannerlane 28F Montana 37K from June 4th to July 19th.

59

BW	72
ADJ WW	572
ADJ YW	865

Going back to the Calcutta genetics, this heifer's mother came from the great Rafter Double U Ranch. She is conservatively marked and very similar in type to her mother. She is a deep bodied girl that will be an exceptional milker like her dam.
Exposed to Bannerlane 28F Montana 37K from June 4th to July 19th.
