# ICONS GUIDE

## DURABLE WATER REPELLENT

Durable water repellent finish sheds water from the garments surface.

## THERMAL INSULATION

A barely-there feel with minimal weight, while trapping in the warmth. Thermal insulation while being lightweight.

## DYNEEMA®

Dyneema® fiber is 15 times stronger than steel, floats on water and is soft as silk. Dyneema® makes your product durable, lightweight and comfortable

## CLASSIC FIT

A traditional wider and looser fit straight from waist down with a mid-rise.

## EXCELLENT UPF RATING

An Ultraviolet Protection Factor (UPF) rating for Ultraviolet Radiation transmitted through a fabric onto the skin. Look for garments with a 50+ rating to be assured of excellent protection. Complies with AS/NZS 4399:1996 Sun Protection Clothing Classification.

## RELAXED FIT

A comfort fit that sits on the hip and is looser around the body, yet not baggy.

## RIPSTOP

Ripstop fabrics have been woven to be highly tear and rip resistant.

## SLIM FIT

Designed with a full range of movement in mind, the Hard Yakka articulated fit features strategically placed darting and engineered seams for the ultimate in comfort.

## STRETCH

Features stretch for the ultimate in comfort by allowing for a full range of movement, no matter what the task at hand is.
