# ABOUT THE COMPANY

PeleGuy Distribution Pty. Ltd. was established in 2003 and began a journey which has led to the company's current market status as one of the leading distribution companies in the Petrol and Convenience channel in Australia. Our director has been involved in the Petrol & Convenience industry for over 26 years.

We are the exclusive distributors of Tiko lighters, Vibe funky cables and Fast Vibe wireless power banks which use the latest charging technology.

We are also the main supplier of popular, exciting and fast moving items like top American air-fresheners, the latest phone accessories, pharmaceuticals and toiletries. We stock famous brands such as BIC Lighters, Tomcat torches, AFL licensed products, Lifestyles & Durex condoms, Rexona, Lynx and Impulse deodorants, top of the range Adult magazines, Solar2Polar fashion sunglasses, Panadol, Nurofen and many others.

PeleGuy Distribution is known not only for the high quality of the supplied products, but also for its exemplary individual store-to-store customer service. Specifically planned and proven sales strategies are applied to all product lines thus ensuring customer satisfaction.

Our warehouse, located in Victoria, contains hundreds of products, allowing us to provide a 99% fill rate on orders, and great substitutes for any out-of-stock items.

It is our mission to have the items our customers want, when they want them, at the most competitive prices.

We are also well known for ensuring that all of our customers get the best customer service and are looked after by our experienced staff. Peleguy's Sales Representatives conduct regular visits to all of our customers to maintain the ongoing relationships. They spend time in the stores helping with merchandising and organizing the products on the shelves, reviewing stock on hand, suggesting new lines and helping with placing new orders.

Our friendly office staff are always happy to assist with any enquiry - big or small.

All the orders are hand-picked, checked and packed by our warehouse staff and dispatched on the same day.

We currently have over 2000 happy customers, who have grown their business over the years working alongside with Peleguy Distribution.

The success of the company and its ever expanding growth will continue in the future with our research and development being paramount to maintaining our market dominance.

We constantly strive to improve our market knowledge and learn what is best for our customers on an individual basis.

We believe that continuous growth and variety will ensure the products on offer are always fast moving, functional and offer our customers best value for money.

## OUR CUSTOMERS

# ABOUT TIKO

Since 2013, Peleguy Distribution has been a proud owner of a highly sought after brand of Jet Lighters – TIKO.

Here, inside the TIKO family, we know a few things about producing exciting and effective jet lighters as well as the new to the market range of USB Lighters.

Before TIKO was created, Peleguy Distribution was an exclusive distributor of another brand of Jet lighters for almost 10 years. Having specialized experience for that many years gave us a good perspective of what it is that the consumer wants and what the market is missing. There was a growing demand for a wider range of quality Jet lighters. We realized that there were many things that could be improved in the current range available on the market so we decided to act upon the idea and create our own brand.

Our main missions were to:

- Bring something new and exciting to the market;
- Create a better quality product;
- Satisfy a demand for a lighter that looks nicer and works better, whilst still being safe;
- Have a large variety of lighters, from classic and familiar to funky and innovative. Something to appeal to all generations;
- Supply an ever-expanding range of TIKO Premium Jet lighters (TK1000+) to grip the attention of mature and adventurous customers.

This is how TIKO was born.

Currently we have over 100 different kinds of lighters in stock. We constantly increase the range of TIKO Lighters and recently we came out to the market with our latest selection of TIKO USB Lighters (TK2000+) which became an instant success. For our most sophisticated customers we have the TIKO USB Double ARC (TK2500) packaged in a beautifully designed gift box.

The TIKO brand was born with a lot of passion and desire to excel in the market and, without a doubt, has become the number one leading brand of Jet lighters and USB lighters in Australia and it is here to stay.

# TIKO USB LIGHTERS

Tiko  
LIGHTERS

USB lighters use electricity to ignite without any flame and fuel source such as common butane lighters do. Some of our TIKO USB Lighters technology derived from the Tesla coil to create an electric arc between two electrodes which has enough heat to light a candle wick quite easily.

Rechargeable • Reusable • Recyclable

# FAST VIBE WIRELESS POWER BANKS

## SOLAR WIRELESS CHARGING POWER BANKS

Fast Vibe Solar Wireless Charging Power Bank 10,000mAh is the newest power bank designed specially for outdoor enthusiasts.

It's more than just a portable power bank, it's a Qi wireless charger too. With its solar panel, built-in LED torch and massive charging capability, the Fast Vibe Power Bank is your ideal solution for outdoor uses such as camping, hiking or any other outside activities.

- Fast Vibe Wireless Charging Power Banks with built-in cables.
- Shockproof, dust and water resistant – the new Fast Vibe Wireless Solar Power Bank will be your favourite travel companion and comes with a 100% satisfaction guarantee.
- Qi Wireless charging for enabled devices or USB cable for traditional charging.
- Fast charging for up to two devices at the same time. One wired +one wireless.
- Large 10,000mAh battery – charge devices to a full power, up to five times before the power bank needs to be recharged.

Fast Vibe Wireless Solar Power Bank 10000mAh  
PPB00011  
Solar Charger Plus LED Light
