SWEAR BOX!

A great way to raise money... Why not have one of our Myton Gift Boxes and every time someone swears they pay £1 into it?

The Myton Hospices

At The Myton Hospices we believe that everyone matters for every single moment of their life; we focus on enhancing life when cure is no longer an option.

We want to ensure that everyone who needs our services is able to access them and we want to reach out to people earlier in their illness, to be alongside them from diagnosis to death. We are not only about end of life care, often people who have a terminal illness have a lot of living left to do and we want to support them to have the best possible quality of life, for as long as possible. When the time comes we believe people have the right to a good, natural death, either in one of our Inpatient beds or in their own home, with their loved ones supported.

We have three hospices in Coventry, Rugby and Warwick, and have the only Inpatient Units in Coventry and Warwickshire. We care for people living with a wide range of terminal illnesses including Respiratory conditions, Heart conditions, Cancer, Organ failure and Neurological conditions.

Last year, despite the ongoing challenges of Covid-19 which limited our ability to offer some of our services, we supported over 1,500 people and their families, in our hospices, via our patient & family support services, and in the community through Myton at Home.

We are a charity and we have to raise £9.1 million of the £11.6 million we need this year to continue providing our services free of charge.

Less than 20% of our funding comes from the NHS. We rely on donations and support from our local communities - our work wouldn't be possible without people like you!
